PARADISE ON YOUR PLATE

Our story

Welcome to Hatsu Restaurant, where the concept of Japanese-Korean cuisine blends with the story of two brothers who fulfilled their dream of owning their own business. The name "Hatsu" in Japanese means a new beginning or the first step, symbolizing the start of a new chapter and the launch of their own restaurant.

Our logo features Mount Fuji, reflecting Japanese influence, and a bonsai tree, which requires the same hard work and love as running a restaurant. The sun above it all serves as a reminder of the name itself - the beginning of something new.

In our restaurant, we firmly believe that every one of our guests deserves to taste a piece of paradise. So please don't hesitate to approach our colleagues with any questions to make your experience as complete as possible.

Enjoy your own paradise on a plate
